- Characterised by tunnels carved from natural rock and hairpin bends, the journey gives your guests a unique experience. Two traffic lights regulate vehicles at the tightest spots to ensure safety. The bus park is located at the end of the road on the right after the last turn.
- Tip: The first traffic light is situated directly by the Maralmbach waterfalls. The waiting time lasts a maximum of 22 minutes. During this time the guests have the possibility to view the waterfalls. Waiting time information is displayed directly by the waterfall, so that the next green traffic light phase is not missed.
