The Grover Tourism Development Authority
301 Cleveland Avenue
Grover, NC 28073

I am pleased to confirm my understanding of the services I am to provide The Grover Tourism Development Authority for the year ended June 30, 2013. I will audit the financial statements of the governmental activities and each major fund which collectively comprise the basic financial statements of The Grover Tourism Development Authority as of June 30, 2013 and for the year from inception January 1, 2013 through June 30, 2013. Accounting standards generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement The Grover Tourism Development Authority's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of my engagement, I will apply certain limited procedures to The Grover Tourism Development Authority's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I will not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

1) Management's Discussion and Analysis.

I have also been engaged to report on supplementary information other than RSI that accompanies Grover Tourism Development Authority's financial statements. I will subject the following supplementary information to the auditing procedures applied in my audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America and will provide an opinion on it in relation to the financial statements as a whole:

1) Statement of Revenues, Expenditures, and Changes in Fund Balances – Budget and Actual –
General Fund

Audit Objective

The objective of my audit is the expression of opinions as to whether your basic financial statements are fairly presented, in all material respects, in conformity with generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the second paragraph when considered in relation to the financial statements as a whole. My audit will be

conducted in accordance with auditing standards generally accepted in the United States of America and will include tests of the accounting records and other procedures I consider necessary to enable me to express such opinions. If my opinions on the financial statements are other than unqualified (unmodified), I will discuss the reasons with you in advance. If, for any reason, I am unable to complete the audit or am unable to form or have not formed opinions, I may decline to express opinions or to issue a report as a result of this engagement.

Management Responsibilities

Management is responsible for the basic financial statements and all accompanying information as well as all representations contained therein. You are also responsible for making all management decisions and performing all management functions; for designating an individual with suitable skill, knowledge, or experience to oversee my assistance with the preparation of your financial statements and related notes and any other nonattest services I provide; and for evaluating the adequacy and results of those services and accepting responsibility for them.

Management is responsible for establishing and maintaining effective internal controls, including monitoring ongoing activities; for the selection and application of accounting principles; and for the fair presentation in the financial statements of the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the The Grover Tourism Development Authority and the respective changes in financial position and where applicable, cash flows, in conformity with U.S. generally accepted accounting principles.

Management is also responsible for making all financial records and related information available to me and for the accuracy and completeness of that information. You are also responsible for providing me with (1) access to all information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, (2) additional information that I may request for the purpose of the audit, and (3) unrestricted access to persons within the government from whom I determine it necessary to obtain audit evidence.

Your responsibilities include adjusting the financial statements to correct material misstatements and confirming to me in the representation letter that the effects of any uncorrected misstatements aggregated by me during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.

You are responsible for the design and implementation of programs and controls to prevent and detect fraud, and for informing me about all known or suspected fraud or illegal acts affecting the government involving (1) management, (2) employees who have significant roles in internal control, and (3) others where the fraud or illegal acts could have a material effect on the financial statements. Your responsibilities include informing me of your knowledge of any allegations of fraud or suspected fraud affecting the government received in communications from employees, former employees, regulators, or others. In addition, you are responsible for identifying and ensuring that the entity complies with applicable laws and regulations.

You are responsible for the preparation of the supplementary information in conformity with U.S. generally accepted accounting principles. You agree to include my report on the supplementary information in any document that contains and indicates that I have reported on the supplementary information. You also agree to include the audited financial statements with any presentation of the supplementary information that includes my report thereon. Your responsibilities include

acknowledging to me in the representation letter that (1) you are responsible for presentation of the supplementary information in accordance with GAAP; (2) that you believe the supplementary information, including its form and content, is fairly presented in accordance with GAAP; (3) that the methods of measurement or presentation have not changed from those used in the prior period (or, if they have changed, the reasons for such changes); and (4) you have disclosed to me any significant assumptions or interpretations underlying the measurement or presentation of the supplementary information.

Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, my audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. I will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because I will not perform a detailed examination of all transactions, there is a risk that material misstatements may exist and not be detected by me, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards. In addition, an audit is not designed to detect immaterial misstatements, or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, I will inform the appropriate level of management of any material errors and any fraudulent financial reporting or misappropriation of assets that come to my attention. I will also inform the appropriate level of management of any violations of laws or governmental regulations that come to my attention, unless clearly inconsequential. My responsibility as auditor is limited to the period covered by my audit and does not extend to any later periods for which I am not engaged as auditor.

My procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. I will request written representations from your attorneys as part of the engagement, and they may bill you for responding to this inquiry. At the conclusion of my audit, I will require certain written representations from you about the financial statements and related matters.

Audit Procedures—Internal Control

My audit will include obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. An audit is not designed to provide assurance on internal control or to identify deficiencies in internal control. However, during the audit, I will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards.

Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, I will perform tests of The Grover Tourism Development Authority’s compliance with applicable laws and regulations and the provisions of contracts and agreements. However, the objective of my audit will not be to provide an opinion on overall compliance and I will not express such an opinion.

Engagement Administration, Fees, and Other

I understand that your employees will prepare all cash or other confirmations I request and will locate any documents selected by me for testing.

I expect to begin my audit as soon as the financial information is complete and available and to issue my reports within a reasonable time thereafter. Darrell L. Keller is the engagement partner and is responsible for supervising the engagement and signing the report or authorizing another individual to sign it. My fee for these services will be the amount stated in the LGC approved contract. This fee is based on anticipated cooperation from your personnel and the assumption that unexpected circumstances will not be encountered during the audit. If significant additional time is necessary, I will discuss it with you and arrive at a new fee estimate before I incur the additional costs.

I appreciate the opportunity to be of service to The Grover Tourism Development Authority and believe this letter accurately summarizes the significant terms of my engagement. If you have any questions, please let me know. If you agree with the terms of my engagement as described in this letter, please sign the enclosed copy and return it to me.

Very truly yours,

Darrell L. Keller, CPA, PA
