

Dear Silvana and Boyko,

As I have promised, I'm sending back the book I borrowed from you.

I hope you remember us, Pnina & Yochanan from Israel, the couple who came from the dark, but managed to find the place after all....

I must tell you, and Pnina joins my opinion, that our stay at Lavanda Bed & Breakfast, was one of the highlights in our trip in Bulgaria.

The beautiful house, the pleasant atmosphere, the tasty food in the dining room in front of the fireplace, all made a unique experience that we remember and cherish.

But above all, the hearty welcome, the kindness and friendliness and the true effort to make us feel at home, created a very special experience.

Pnina, who was skeptic during our way down the road, looking for the place, asked me later: "How did you find this place? What made you choose Lavanda?" and I said "My sixth sense directed me".

On behalf of Pnina and myself, I would like to thank you again for the occasion of meeting you and spending an extremely pleasant day at your place.. We wish you success with Lavanda and everything else you would do.

Best regards,

Pnina & Yochanan
