IMPORTANT INFORMATION ABOUT THE WINE TOURS

- All wineries require advance reservation as they have different times for the Spanish or English tour.
- Some wineries offer private tours with an extra cost, otherwise you will always share the tour with other people.
- We suggest to visit 2 or 3 wineries in Lujan de Cuyo closing the day with lunch in one of them and only 2 wineries in the Uco Valley closing your day with lunch too.
- There are different options to reach the wineries, you can rent a car (not suggested as drinking and driving is not a good idea), book an English speaking private driver, a travel agency with group tours and there is also a kind of public bus to visit some wineries. Check on www.busvitivinicola.com
- Remember to inform your dietary restrictions to the restaurants if you will have lunch in one of them.
