

DDA – Fact Sheet

1. All Managers should be trained in Disability Awareness via ‘Equality for Managers’ module on Upskills
2. All emergency alarms in DDA toilets are audible alarms and are not routed anywhere. (checked monthly along with the routine panic alarm testing)
3. All emergency alarms in DDA bedrooms are audible only alarms and are not routed anywhere. (checked as part of PPM room checks with Housekeeping)
4. All disabled guests register at check in and be seated at the Concierge desk.
Details are requested for evacuation purposes via our PEEP plans, and are then stored at Porters Lodge adjacent to the Fire Alarm.
(PEEP – Personal Emergency Evacuation Plan)
<S:\All Users\Health & Safety\PEEP>
5. All egress for disabled guests are suitable and in good condition (ramp checks).
(feedback from previous DDA guests has highlighted the steepness of Trevino House ground floor ramp – warning signage is being posted at the ramp).
6. The evacuation of disabled guests included in all fire evacuation plans and team members trained on the Evacuation Chair –
Safe refuge posts are on 1st and 2nd floor stairwells in the accommodation blocks with 2hour fire doors.

Evacuation chair trained staff within the business
