Tennis Fun Facts DID YOU KNOW?

∅ According to most historians, French monks invented the game of tennis in the 11th or 12th century. They hit a ball with their hands over a rope strung across a courtyard or against the walls of the monasteries.

∅ Rectangular courts were created in 1875 for Wimbledon. Originally, the court was an hour-glass shape.

∅ The longest match was 11 hours and five minutes long. It took place over a period of three days.

∅ The only major tennis tournament still being played on grass is at Wimbledon. At the U.S. Open and the Australian Open they play on hard courts, and at the French Open they play on red clay courts.

DINING

That delicious flavor is coming from the Italian kitchen...

DAVINCI RISTORANTE

Benvenuto to the Italian restaurant at the Holiday Inn, Da Vinci! Taste the delightful classic Italian dishes in an amazing atmosphere. This experience will make you feel like if a genuine Italian nonna (grandmother) is cooking for you! Our personal favorites are:

Starter: Start your meal with an unequivocally Italian dish: Bruschettas. The perfect combination of tomatoes, garlic and fresh basil over a crusty piece of bread and drizzled with a tangy balsamic reduction.

Main Course: Don't miss the authentic lasagna, which is surely a great find on their menu. Best paired with a delicious glass of chilled red wine.

Dessert: This was a hard one! But we had to go with the homemade Tiramisu with amaretto sauce and an espresso emulsion, a delicious way to end your Italian feast.

Enjoy all of the delicious dishes at Da Vinci Ristorante, with beautiful presentations surrounded by a cozy atmosphere and arched brick ceilings.

Chef's New Favorite:

Even though the resort is filled with delicious restaurants and dishes, we can't help but having our favorites. **Drum roll... by popular demand you must try the:**

Surf and Turf from the Sea Breeze menu, which showcases a mixture of grilled seafood and prime cuts, while you enjoy breathtaking views of the ocean.

ARUBA in the summer is a **WHOLE LOT OF FUN!**

The beautiful island of Aruba hosts a great array of entertaining events for all musical tastes and styles. There is always something to do on Our Happy Island! Such as the Aruba Summer Festival this June at the Harbor

Square Arena, this fun music event, includes headliners such as Enrique Iglesias, Gente de Zona and Chino & Nacho, who have been topping charts with latin-sounding songs for young and adult audiences.

Make sure to check the Island's event calendar before visiting or even plan your trip around a great event – Jazz, Soul, Pop, Caribbean and many more music genres are celebrated all year round in Aruba.

DID YOU KNOW?

Papiamento and Dutch are the official languages of Aruba,

but most Arubans speak a minimum of four languages, including English and Spanish. Although Papiamento was in use as the native language for 300 years, it was only declared an official language, alongside Dutch, on March 19th 2003.

Papiamento is a lyrical idiom that evolved from Spanish and Portuguese, Dutch, some French, English, and a dash of African languages. To the ear Papiamento sounds very similar to Spanish, therefore it is not surprising that Spanish-speaking visitors have little to no problem communicating with the locals.

Papiamento 101:

Bon bini – Welcome | **Bon dia** – Good day
Danki – Thank You | **Mi ta stima bo** – I Love You

YOU MAY NOW *KISS THE BRIDE!*
