Tucked away on the island of Roatan just off Honduras' coast, "AKR" is a legendary **tropical wonderland** where lush greenery rustles in breezy sea air. Pristine beaches rim turquoise waters. And wooden bungalows perched above a tranquil lagoon offer guests incredibly scenic views and a sense of perfect disconnection from everyday life back at home.

For over 40 years, this family-run paradise has been home to divers in search of **unspoiled waters**, and lovers of natural adventure in all its forms.

UNDERWATER HIGHLIGHTS

No island in the Caribbean offers more distinctive or **easily accessible dive sites** than Roatan. Our reefs and drop-offs are teeming with colorful marine life and ideally suited for novices and experts alike.

AKR's private fleet of modern, custom-built dive boats whisks divers to dozens of sites just 5 to 30 minutes away.

You can see virtually every creature that lives in the Caribbean – whether you're snorkeling near the surface, cruising our majestic walls, swimming through a mysterious wreck, or just taking a casual shore dive in our backyard lagoon.

AKR is a **Five-Star PADI Facility** offering a full range of courses and certifications for divers of all ages.

EXCLUSIVE AKR DOLPHIN ACTIVITIES

AKR has been at the forefront of the **human-dolphin experience** for decades. Our Roatan Institute of Marine Sciences (RIMS) is dedicated to bringing you as close as possible to the adventure of your dreams!

Dolphin interaction programs range from gentle Encounters within our shallow **Bailey's Key lagoon** (perfect for even our youngest guests) to a Dolphin Swim/Snorkel where you literally become a part of the pod, to Dolphin Dives where experienced divers can get to know these amazing mammals in their natural open water habitat.
