DINING

SPOIL YOURSELF

✦ ENJOY "DA VINCI RISTORANTE" NEW A LA CARTE MENU ✦

After a long day at the beach, everyone deserves a delicious Italian meal at Da Vinci's. One of my favorite Italian restaurants on the island is located at Holiday Inn Resort Aruba, offering a laid back dining experience in a cozy atmosphere, complete with an arched brick ceiling to give it that authentic "cucina de la nonna" feel.

If you love seafood then I recommend the "Linguini Frutti Di Mare". This dish combines fresh ocean delicacies and the best Italian flavors, enjoy this Italian classic with a glass of crisp Chardonnay and at the end you wish want to say: "Mamma mia da mangiare!"

Sea Breeze Restaurant & Bar

Sea Breeze Restaurant & Bar is one of my favorite restaurants at the Holiday Inn Resort Aruba for lunch or dinner. And why might you ask? It simply has the most delicious choices of food, drinks and desserts. I would strongly recommend the Caribbean Coconut Shrimp, followed by the marshmallow brownie for dessert with a warm Irish coffee! This is making me hungry! Hurry, where is the waiter?

Palm Bar

Located in the lobby, Palm Bar offers a variety of specialty coffees where you can relax, read, connect to social media and share your island experience. In addition to a warm cup of Joe, you can also enjoy fresh salads, desserts and other snacks. During the afternoon, refresh with a nice cold drink in the outdoor area, where you can lay in the hammocks and enjoy the lush surrounding gardens.

Oceanside Bar & Grill

Enjoy a captivating view of the beach, the ocean breeze and excellent service. Oceanside's specialties are mouth watering burgers. You must try one when visiting Holiday Inn Resort. Featuring beef, chicken and tuna burgers or sandwiches. Prefer a drink or dessert? Then try a nice cocktail or a delicious ice cream.

Pizza Now

Are you enjoying a day on the beach and suddenly feel your tummy rumbling? No worries, you don't have to move, there is an amazing pizza delivery service to your Palapa. These delicious pizzas can also be enjoyed in the comfort of your room as well as their Room Service menu.

Did You Know?

Aruba is home to many interesting and awe-inspiring caves made by ancient rock formations, a very special attraction for tourists seeking adventure on their island holiday. Inside the caves you can find nature's artwork, or what geologists call Stalagmites and Stalactites. There are three caves located in Arikok National Park Aruba, these are Guadirikiri, The Fontein and The Huliba. Each of the caves has its own characteristics and visiting them is a great day out for the entire family to enjoy.

Guadirikiri Cave is known because of its two chambers and of course, the resident bats. The Fontein Cave is known because of the rustic drawings from the Arawak Indians, a real insight into the history of the Island. The Huliba cave is a great visit for those seeking a romantic escape, as it is known as the "Tunnel of Love" due to its heart-shaped opening at its entrance. If you want to know more about how to visit these amazing places go to:
