# Program Details

## HOW DOES IT WORK?

By becoming a timeshare owner, you automatically get to enjoy the resort amenities and travel benefits.

This brochure will break down what it means to own a timeshare at Mountainside Resort and outline the costs and benefits involved.

## TO OWN A TIMESHARE

Mountainside Resort is conveniently located between town and the ski area. Our timeshare units, one to three bedrooms in size, offer fully equipped kitchens, two full baths in two and three bedroom units, fireplaces, free

Wi-Fi, and outside decks for each unit. We have a variety of weeks available for the Fitness and Travel Program that include all seasons of the year, and a range of trading values based upon the size of the unit and the particular week purchased.

Owning a timeshare at Mountainside Resort means you own a fixed week, in a specific unit, each year. The cost of this ownership involves an annual maintenance fee that ranges based on unit size. This fee is less than an annual membership at a local gym.

## FITNESS BENEFIT

With this ownership, you are able to enjoy all of the resort amenities year-round. This includes an indoor pool, hot tub, sauna and brand new fitness room. We have outdoor amenities

including tennis courts, playground and basketball hoop. We also have a gazebo, picnic tables and charcoal grills available for your use!

## TRAVEL BENEFIT

On top of the incredible fitness benefits, you have the ability to use your week to travel all over the world!

We work directly with RCI, VRI\*ety and Interval International, giving our owners access to thousands of resorts globally. Depending on which exchange companies the owner chooses to be involved with and where they choose to travel, there may be some minimal additional fees involved.

No time for a vacation every year?

There are options! You can deposit your weeks up to two years out. This means you tell the exchange company they can have your weeks for the next two years and in return, you get a higher trading power. This allows you to be able to get into resorts that require more trading power than you can get with just one of your own weeks.

Mountainside Resort has a rental program! Owners can participate in the rental program offered by Mountainside Resort and receive a check for the rental income.

Do you have friends or family who live out of town? You can use your week to house your guests right here in Stowe! They can have their own fully equipped condominium for the week to enjoy their vacation and you can avoid stressing about where everyone is going to sleep!
