

Travel with pleasure

Baja California, the longest peninsula in the world, embraces the Sea of Cortez and allows the union of the most beautiful blue waters and marvelous white sand beaches of San Jose del Cabo, rewarding its visitors with a large variety of local crafts, shopping centers, haute cuisine and amazing scenery, right where **Holiday Inn Resort® Los Cabos** is located.

Just northwest of the hotel, guests can stroll around a natural estuary that, as stories go, provided wandering pirates with water. Today, it is a sanctuary inhabited by various bird species. Aside from this visual and aural spectacle, this area represents a very attractive location for sea turtles, which choose our beaches to lay their eggs year after year.
