Rosas & Xocolate is located in the heart of Mérida's historical center on the sumptuous and magnificent Paseo de Montejo. It is surrounded by some of Mérida's most vibrant restaurants, museums, shops and cafés.

Awarded the prestigious "Icono Del Diseño 2011" for the best architectural restoration of Mexico. Architect Salvador Reyes Rios and his designer's team remodeled two 19<sup>th</sup> century abandoned mansions into a stunningly seductive luxurious hotel. The interior design reflects an eclectic fusion of modern and colonial styles, and features an impressive art collection by local artists.

A magnificent staircase and a contemporary suspended light dominate the ground floor lobby leading you to the study room bursting with a selection of art books. This space opens onto the tequila bar, which showcases the best tequilas in Mexico.

The restaurant is lodged in the front part of the hotel and overlooks the beautiful Paseo de Montejo. The interior courtyard sitting next to the restaurant features a spacious leafy and watery garden patio where you can have breakfast, lunch or drinks. On the top roof, the Moon Lounge Bar entertains you with live music in a spectacular open-air environment.

There are 17 individually designed bedrooms and suites, a pool, a gym and a spa with the most advanced techniques. The Xocolate boutique proposes fabulous artisanal chocolates and a great selection of gift items.

From bathing under the stars in your private outdoor bathtub, to treating your epicurean palate to our resident chef's sublime cuisine, to exploring the spectacular beauty of the mystical Mayan world, Rosas & Xocolate will transport your senses where they have never been before...

The 17 bedrooms and suites are individually designed and are a treat for your senses. Each spacious room boasts extremely high ceilings, large oversized windows and an outside open-air bath.

The bedroom furniture has been created and produced exclusively for the hotel.

We provide all the facilities expected by today's sophisticated traveler, including a writing desk, safe, flat screen TV, free high speed Wi-Fi, BOSE sound system with DVD/CD player, and an iPod docking station.

The bathrooms feature local materials such as Macedonian marble, wood and glass. Our amenities consist of L'Occitane products and our famous chocolate soaps.

There are three spectacular suites on the upper floors, one of which is our Master Suite with almost 100 m<sup>2</sup> and a private terrace overlooking the emblematic Avenue "Paseo de Montejo".

Our award winning fusion restaurant specializes in food that innovates with the use of local ingredients. The atmosphere of the restaurant is typically Rosas & Xocolate; our guests are immersed in ample spaces where there is the possibility to move about several impressive environments, all in the same place and only a few steps apart.

We invite you to enjoy an extraordinary culinary experience, either in the open sky Moon Lounge, in the exterior or interior terraces with water gardens, in our contemporary bistro with its play of light and shadows, or at our tequila-bar and specialized cava.

The authentic and propriety treatments of our SPA will delight your senses. Let yourself be covered in Xocolate and wrap yourself in the sensory experiences of the best SPA in Mérida. Recognized as a "Sensory Refuge SPA", we use 'high-touch, low-tech' technique, which incorporates a greater amount of human contact and less technology. This allows for the maximum benefits from treatments inspired by ancient techniques and traditional indigenous Mexican culture.

The use of natural ingredients, locally sourced in Mexico and organic, herbs, spices, essential oils, roses and of course our exquisite chocolate that we mix in order to create products full of physical and spiritual benefits.
