Suppliers

After numerous tastings we have sourced what we believe to be amongst the best examples of local quality produce from people who have a genuine passion for food. We are proud of the quality produce within our region and are aware that buying local supports the community and helps to reduce food miles. Half the battle of cooking great food is starting with a quality product and we believe that we have found many!

We hope that you enjoy our research and maybe even use some of them yourself – please tell the suppliers that we sent you!
