

MYSTERY Returns to The Inn at Aberdeen

**Join us on Friday,
November 4th, 2005, 6:30 PM**

MURDER FOR MILLIONS:

We are gathered at the home of April Walters, heir to the Walter's Grape Juice empire. The reason for this party is truly a mystery. Each guest received a personal call from April. The death of her husband, Edgar, occurred 4 weeks ago. One would assume April is still in mourning. Where April Walters is concerned, one assumes nothing and expects anything! A few of those attending this party are her deceased husband's children: Ed, Emily and Emily's husband, Larry. I wonder if April knows Muffy Adams? There are 2 attorneys, a doctor, a representative from Welche's Grape Juice Company, an accountant, a member of the Board of Health, the judge who married April and Walter, and Edgar's chauffeur, Bill. That's not the end of the list, but that will give you an idea of who's who. Would it be possible to create a TV reality show from this list? We'll see! Where \$750,000,000 is concerned, greed rears its ugly head, and murder is on the minds of more than one attending this little get-together.
