

# Wireless Internet

Simple – Fast – Reliable

We recognize how important a simple, fast, and reliable internet service is to a successful meeting. That is why the Crowne Plaza Princeton Conference Center is proud to offer a dedicated internet circuit with capability for up to 1Gb of bandwidth.

To help you calculate your required bandwidth, you may use the PSAV bandwidth estimator at [www.psav.com/bandwidth\\_estimator/](http://www.psav.com/bandwidth_estimator/).
