	January	February	March	April	May	June	July	August	Sept	October	November	December
Night temp (°C)	24	23	22	18	15	10	10	15	19	24	26	26
Daytime temp (°C)	34	32	30	29	28	25	25	28	30	36	36	35
Rainfall	Heavy rain	Heavy rain	Light rain	End of rains	No rain	No rain	No rain	No rain	No rain	No rain	Mid Nov-1st storms	Scattered rain
Weather description	Rainy season. Lots of thunderstorms, very dramatic				Cooler evenings & days	Cold early mornings & evenings but warm as soon as the sun rises			Hot dry months	Hot dry	First storms-mid Nov	Very dramatic skies with lots of thunderstorms
Vegetation	Green & lush after the rains. The scenery looks stunning as its lush but its harder to view the animals as they are hidden & also don't need to come down to the river to drink				The bush starts to get dry & the leaves start to fall off the trees meaning its easier to view game			Trees have very few leaves on them so its easy to view the game			New leaves and shoots start to come through with the bush starting to look lush again	
Game watching	Moderate	Moderate	Moderate/Good	Good	Good	Good	Good	V.Good	Brilliant	Brilliant	Brilliant	Good
Fishing	Good fishing. The waters can be murky from the rains but when it is clear, the fishing is great.				The fishing in the winter is not as good as other times of the year. You can still catch but it's a bit slower			Great fishing as the fish are more active & therefore get hungry & are more likely to take the bait				
Mosquitoes				Very few mosquitoes as the weather is dry & cold
