FOR IMMEDIATE RELEASE

CASA GRANDVIEW Teams with Tesla Motors

Tesla Destination Charging now offered as new amenity for guests

West Palm Beach, FL (June 30, 2015) – Casa Grandview Historic Luxury Inn Cottages and Suites has teamed up with Select Registry and Tesla Motors to provide an increasingly desirable amenity, Tesla Destination Charging. Tesla High Power Wall Connectors add 58 miles of range per hour to Model S, charging the vehicle overnight and replicating the convenience Tesla owners are accustomed to at home.

Casa Grandview joins a rapidly growing network of resorts in Tesla Destination Charging, presently the only South Florida bed and breakfast inn and vacation cottages offering this guest amenity. Tesla owners can find more than 170 other Select Registry properties throughout the U.S. This new program offers High Power Connectors as an amenity for visitors, allowing them to charge their Tesla Model S at locations where they stay like B&B's, hotels, ski resorts, and restaurants. Model S offers 270 miles of range on a single charge so the High Power Wall Connector can easily top off the Tesla in just a few hours, giving Tesla drivers the freedom to charge almost anywhere they want to travel! Casa Grandview has (2) 80A Tesla Wall Connectors, and one universal charger, offered as a complimentary amenity to registered guests of the bed and breakfast inn or vacation cottages in West Palm Beach.

“We’re constantly finding new ways to heighten the guests’ experience. By combining leading-edge technology with the forward-thinking of Tesla along with our commitment to be environmentally friendly, and provide outstanding service and offerings, we now have the ability to offer guests a seamless and convenient charging experience during their stay.” said Cheryl and Kirk Grantham, Onsite Owners of Casa Grandview.

Casa Grandview and other Tesla Destination Charging locations are hosted on Tesla’s interactive webpage and will soon be GPS located on Model S’ navigation through a free software update sent wirelessly to the car. In coming months, Tesla owners will be able to use the Model S 17” touchscreen to easily plan trips and locate the property. Visit www.teslamotors.com/findus for more information. *Photographs of the property and chargers are available upon request.*

About Casa Grandview

Casa Grandview offers three types of accommodations: A charming historic luxury bed and breakfast inn offering 5 guest rooms with private baths and heated pool, or separately licensed 1, 2, and 3 bedroom eclectic cottages, or 1-2 bedroom Art Deco stylish apartment suites, offered self-accommodating or full service for extended stays. Casa Grandview provides all the modern conveniences of a downtown historic city retreat, the privacy of a luxury vacation home, state-of-the-art technology, boutique style amenities, or character of an intimate inn, tucked away in a casual tropical Old Florida style setting, in a prime West Palm Beach urban location, located in Historic Grandview Heights, anchored by CityPlace, Clematis Districts, only two miles to Palm Beach or PBI Airport.

Casa Grandview Historic Luxury Inn Cottages and Suites, is AAA Four-Diamond Rated, a distinguished member of Select Registry, BedandBreakfast.com Diamond Collection, Superior Small Lodging, and Partner of Discover Palm Beach, Chamber of Commerce of the Palm Beaches, Florida Bed and Breakfast Inns, Florida Restaurant and Lodging Association, Professional Association of Innkeepers International, founding member of Association of Independent Hospitality Professionals, and host of the Grandview Heights Historic Home Tour. Accolades include the White Glove Award from Superior Small Lodging, Trip Advisor's 2015 Certificate of Excellence, and Trip Advisor's Hall of Fame Award for outstanding guest reviews for five consecutive years.

Rates range from \$149-\$449 nightly. Address: 1410 Georgia Avenue, West Palm Beach, FL. Phone: 561.655.8932 Website: <http://www.casagrandview.com/> Email: Stay@casagrandview.com

About Tesla

Tesla Motors' (NASDAQ: TSLA) goal is to accelerate the world's transition to sustainable transport with a full range of increasingly affordable electric cars. California-based Tesla designs and manufactures electric vehicles, as well as renewable energy storage. Tesla has delivered nearly 70,000 electric vehicles to customers worldwide.

About Select Registry

There are more than 20,000 licensed bed and breakfast inns in the United States. Select Registry is a portfolio of more than 300 quality-assured premier inns, bed and breakfasts, and small hotels throughout North America. Each property has passed an unannounced, rigorous, 200-point quality assurance inspection to earn and maintain its Select Registry membership, and to

ensure it provides travelers with guaranteed quality, exceptional service, and an unforgettable lodging experience. Learn more at www.selectregistry.com
