Little boy or little girl waiting to be born or an older child to be adopted—it is always fun to celebrate the new arrival.

WEDDING SHOWERS:

Dreams coming true or a renewal of vows cause giddy times of fun and games among best friends and family.

BIRTHDAYS & ANNIVERSARIES:

Make a list and check it twice to be sure that everyone special in your life will help you add another year of happiness.

So, now what ?

- Pick your date and decide if you want a breakfast, brunch, lunch, dinner or reception. Need any guest rooms ?
- Confirm your date's availability with the Innkeeper and reserve your space.
- Request sample menu packet and the Innkeeper can give you an overview.
- Review the packet and feel free to schedule more time with an Innkeeper who can tell you from experience what works wonderfully.
- Write out your guest list and count heads.
- Select your menu. (If you have something in mind that is not on the current sample menu—always feel free to ask the innkeeper—we have our own wonderful executive chef who can create almost anything as our Wine Tasting Dinner Menus can attest.)
- Unless special order items are necessary, notify the Innkeeper about 2 weeks in advance of the number of guests and menu selection.
- Confirm your final guest number 5 days in advance.
- Show up and have a GREAT TIME.
